Maintenance Technicians**

Overview:

As part of our mission to be your electrical safety compliance partner, **The Electrician, Inc.**, is extending to you an invitation to our NFPA 70E 2024 Lunch & Learn.

This session will provide an overview of key compliance topics within the NFPA 70E [Standard for Electrical Safety in the Workplace](#) with a particular emphasis on the updates within the recently released 2024 edition.

Topics will include these 70E compliance challenges:

- An overview of the format changes in 70E 2024
- Safety related maintenance and the new 2024 **Annex S – Assessing Condition of Maintenance**
- The role of NFPA 70B 2023 edition now titled **Standard for Electrical Equipment Maintenance**
- Developing an electrical safety plan required by 70E and OSHA.
- Understanding the training requirements for qualified individuals
- Identifying and eliminating hazards
- Defining a project scope for the arc flash risk assessment
- Job safety plan requirements

Seating is limited
